FOR IMMEDIATE RELEASE

PAVEMENT REHAB ON STATE 247

San Bernardino County – The California Department of Transportation (Caltrans) will begin a pavement rehabilitation project on State Route 247 Monday May 9, 2005. The work hours will be Monday through Friday from 7:00 a.m. to 3:00 p.m. The work will take place from just north of SR-62 to Newmart Road near Yucca Valley. The project will cover about an eight-mile area of SR-247 to restore the roadway after winter storm damage and normal road deterioration.

Lane closures will take place for one to two-mile increments during the construction hours. One lane will be open for traffic and a flagging operation will direct vehicles through the lane closure limits. Minor delays are expected and school buses will be given consideration during the lane closures.

Please drive with caution in the construction area and slow for the closure. Merge when you are directed to do so and **please reduce your speed.** ***Your life or the life of someone else depends on it!***

SLOW FOR THE CONE ZONE.
